HOW TO IDENTIFY Look for the brand, format (35mm,126,disc,126 620 etc) and the PROCESS usually an alphabet and number (C41, E6, K14, C22 etc) FOR MOVIE FILMS see appropriate section and order form

- **C41 Process Films:** Dispatch is approximately 4 weeks.
- **Old Films (C22, non-C41, and obsolete processes):** Dispatch takes 3 to 5 months or longer.
- Due to the age of the films, image quality may be compromised. Best efforts are made during processing to achieve optimal results. If the film's color layer is degraded, prints may be produced in black and white.
- Development costs are non-refundable, even if no images are retrievable.
- Placing an order constitutes acceptance of these terms, including the limits of liability, and full payment is required at the time of order placement. - All Scanned Images will be shared via a link sent to you through email using WeTransfer or other suitable Platforms. Please ensure to download the Images before the link expires.
- ****Please note that decades-expired film is primarily processed with the aim of salvaging any images that may still be present. Due to the age and condition of these films, we cannot guarantee the long-term stability or permanence of the resulting negatives. Therefore, while we fully understand the sentimental and archival value of original negatives, in many cases their practical value is limited once the images have been successfully digitised. Returning the negatives is therefore optional and generally only recommended for sentimental reasons or archival reasons, as a return shipping fee will apply**.**

Please mail your order in a secure envelope with the correct postage to the address provided, or use the address label supplied. Ensure the postage accounts for the thickness of film, as higher charges apply under the new Royal Mail tariff. Underpaid postage will result in penalties, which will be passed on, and may also cause delays in collection.
